ABOUT THE ARTS CENTER

The Arts Center of Moultrie is a non-profit organization that benefits the entire community with art classes, workshops and fun events that inspire creativity for all ages. Our outreach programs put the arts back in schools serving hundreds of students every year. Art exhibits are always free with spaces that feature both well-known and small local artists. Scholarships are funded by patrons and supporters like you who want to provide arts education opportunities for all ages. Your support keeps Colquitt County thriving and creating together!
